Our Mission

The importance of light in our lives is underrated. At Al Shabaka, we are highly determined on bringing out the beauty and uniqueness of light through the form of lighting products, ones that make a big difference with only a minimal amount of contribution. A prosperous source of lighting impacts the entire mood of a given place, having the power to enhance the overall atmosphere of a gathering. We feel that it is our responsibility to expose the identity of light, proving to the world that it is more than just a simple window of illumination, but rather a key factor in a desired blissful life.

Our Vision

The world we live in today is a technologically dependant one, with electricity and lighting being significantly high in demand due their contribution to the modern world. Our vision as a company is to commit to the deliverance of these lighting products to wherever they are demanded and thus ensuring the compatibility of these lighting products with the modern world. We strive to be to the pioneers in our department of work, showing the ability to reflect our powerful understanding of the electrical and lighting field.

Brief History

The company was established in 1978 under the name of Al Shabaka Electrical Establishment. The products were exhibited in a showroom in Hawali. Al Shabaka pushed its way to the highest caliber of the electrical field, becoming an outstanding name in the Electrical and Industrial fields of Kuwait.

The Establishment and Transformation

In 2002, Al-Shabaka Electrical establishment was promoted to Al Shabak common company for general trading and contracting, expanding and growing powerfully and previously. In 2017, Al-Shabaka integrated company for general trading was founded as a sister company.

In 2021, Al-Shabaka Middle East company for wholesale & retail trading established as a third sister company, specialized in lighting & wiring accessories.
